

Next Level Glyconutrients For the Kid in All of Us

MannaBears™ are colorful, chewy, pectin bear-shaped gummies designed to not only be delicious, but also to support cellular communication through Glyconutrients† and to provide antioxidant support from vitamin C.* MannaBears come in a combination of grape and mixed berry flavors and are naturally sweetened. They are a perfect alternative to today's refined sugars and other "junk" foods and will have kids – and adults – coming back for more!

Benefits:

- A natural source of Glyconutrients which support cellular-communication.*
- Provide antioxidant support from vitamin C. Vitamin C contributes to the immune system by supporting various cellular functions.*
- Full of natural ingredients including: amla, raspberry, broccoli, carrot, kale, tomato, and spinach.
- Naturally Colored and Flavored.
- No Artificial Sweeteners.
- Incredibly delicious!

FUN FACT

Evaporated cane syrup crystals are dusted on the bears keep them from sticking together. This allows them to remain at peak condition during shipping and storage.

†Glyconutrients are beneficial saccharides found in nature.
