

1. Why are Glyconutrients† important for skincare products?

In skincare, similar to ingesting supplements, Glyconutrients help optimize the results of each product. They absorb down into the deepest layers of skin, providing hydration and nourishment your skin needs to reduce and reverse the signs of aging.

2. Who are Uth FACE and BODY products ideal for?

Uth products are designed for people who desire daily hydration to soothe and protect their skin.

3. How often should I use Uth FACE and BODY products?

For optimal results, use every morning and night.

4. Can children use the Uth brand products?

As with any product, Mannatech recommends that Uth products be used only as directed. Please speak with your healthcare provider prior to use on a child.

5. Do Uth FACE and BODY products contain Glyconutrients?

Yes. They all contain Glyconutrients to provide the best nourishment for your skin.

6. Are Uth FACE and BODY products free of artificial colors and dyes?

Yes. All Uth products are free of artificial colors and dyes.

7. Are Uth FACE and BODY products free of synthetic fragrances?

Yes. All Uth products are free of synthetic fragrances.

Uth FACE

8. What are the advantages of using the complete 3-Step System?

By using all three steps in the Uth FACE system, you can achieve beautiful, age-defying skin. Our easy, 3-Step System utilizes nature's most prized beauty secrets to cleanse, revive and moisturize your face. This system gently improves skin tone, firmness, elasticity and reduces the appearance of fine lines and wrinkles.

9. Why should I use both the Uth Moisturizer and the Uth Skin Rejuvenation Crème?

These two products have their own unique ingredients that independently provide nourishment and restorative benefits. Additionally, they work together to maximize the overall results you will see from using the Uth 3-Step System.

Uth Facial Cleanser

10. What are the key features Uth Facial Cleanser offers?

This non-drying formula effectively removes dirt, oil and make-up while gently exfoliating dead skin cells to reveal smoother, younger-looking skin. In a scientific study, it was found that over 90% of participants felt that the product improved skin texture.

11. What is the proper way to use the Uth Facial Cleanser?

Use morning and night. Apply Cleanser into the palm of one hand. Add water and massage hands together to create a light foam. Gently massage foam into face, neck and décolleté in upward circular motions. Rinse well with lukewarm water.

†Glyconutrients are beneficial saccharides found in nature.

12. Why were milled grape seeds chosen for the Uth Facial Cleanser?

Grape seeds safely and naturally exfoliate and polish skin, revealing a healthier, more youthful-looking appearance without leaving a negative impact on the environment.

Uth Skin Rejuvenation Crème

13. What makes Uth Skin Rejuvenation Crème special?

Uth Skin Rejuvenation Crème has a powerful time-released pattern to deliver Glyconutrients to the deepest layers of the skin. It also contains a proprietary herbal component to help protect against damage associated with aging.

14. Have there been any scientific studies for the Uth Skin Rejuvenation Crème?

Yes. The results show an improvement in firmness, elasticity, hydration, smoothness, brightness, tone, texture, lift jaw line contour and a reduced appearance of fine lines and wrinkles.

- 100% said their skin felt smoother.
- The skin of over 90% looked more radiant.
- Over 87% showed decreased appearance of fine lines.
- The skin of over 77% of subjects looked firmer.

15. What is the proper way to use Uth Skin Rejuvenation Crème?

Apply to clean skin morning and night. Starting at the base of the neck, stroke upward covering the entire neck and face areas.

16. Why were artichoke leaf extract and crocus chrysanthus bulb extract chosen for the Uth Skin Rejuvenation Crème?

These extracts are known for increasing collagen and elastin fiber in the skin. By increasing these levels, the skin is firmer and smoother, reducing the signs of fine lines and wrinkles.

17. Why do I feel a tingling sensation after applying Uth Skin Rejuvenation Crème?

This may be caused by sensitivity to the amount of bioactive ingredients in the formulation. Some skin types may be more sensitive than others. If you have sensitive skin, start gradually by using the product every three to four days over a four-week period. Then increase use to every day. If you continue to experience tingling or irritation that lasts more than three days, discontinue use.

18. Do I need to wait any period of time before applying another skincare or makeup product after Uth Skin Rejuvenation Crème?

Yes. For best results, wait five minutes before applying another product.

19. Why does color of the Uth Skin Rejuvenation Crème vary and change over time?

The color change over time in Uth Skin Rejuvenation Crème is due to astaxanthin. This ingredient is where the dark color comes from and it fades over time. There have been no changes to the Uth Skin Rejuvenation Crème formula. Mannatech's skincare products do not contain parabens and because of this, it is natural for the product to change slightly in color as the product ages.

Uth Moisturizer

20. What are the key features offered by the Uth Moisturizer?

This rich, powerful cream locks in moisture, relieves dry skin, and reduces the appearance of fine lines and wrinkles, leaving skin looking and feeling younger.

21. Have there been any scientific studies supporting these results?

Yes. Scientific studies found over 93% had a decrease in scaling after a single application.

After 8 weeks – 95% said the product left their skin feeling smooth. Over 81% indicated that the product reduced the appearance of fine lines.

After 12 weeks – Over 88% reported that the product made their skin more elastic. Over 72% felt that the product improves skin tone.

22. What is the proper way to use Uth Moisturizer?

After letting the Uth Skin Rejuvenation Crème dry, apply Uth Moisturizer to the delicate area around the eye and to the face, neck and décolleté.

23. Why was myrtle leaf extract chosen for the Uth Moisturizer?

This extract is rich in galactose-containing oligosaccharides which are known for reducing the appearance of fine lines and wrinkles.

24. What are the benefits of having helianthus annuus (sunflower) seed oil in Uth Moisturizer?

Sunflower seed oil is known for providing moisture and reducing the appearance of dry, flakey skin.

Uth Lash Serum

25. What does Mannatech's Uth Lash Serum do?

Uth Lash Serum enhances the natural appearance of your lashes. Recommended use is 2x times per day. It nourishes and stimulates lash growth, giving you lashes that are longer, stronger and fuller looking.*‡

26. What results can I expect with Uth Lash Serum?

Product users are reporting that their lashes appeared fuller and longer looking in four weeks. For best results, we recommend using the Uth Lash Serum for a minimum of eight weeks.*‡

27. Is Uth Lash Serum safe?

Yes, Uth Lash Serum is safe. Some individuals may experience temporary redness or a brief tingling sensation. Individuals who have sensitive skin or who are sensitive to eye-makeup products may experience slight irritation. If irritation or redness occurs discontinue use immediately.

28. How do I properly apply Uth Lash Serum?

- Test the serum by applying a small amount to your inner arm. Wait 20 minutes to see if any irritation develops (it is common to feel a slight tingling but it should not be painful in any way). If you experience any discomfort, discontinue use immediately.
- Wash the eye area clean to remove dirt, makeup and any oils from the lash area.
- Apply a thin line of lash serum along the lash line of the upper eyelid, as you would when applying a liquid eyeliner, getting as close to your eyelash line as possible but be careful to not get any in your eye.
- Apply the lash serum two times each day – once in the morning and once in the evening before sleeping.
- Allow time for the serum to dry before applying makeup or going to sleep.
- Lash serum can also be applied to eyebrows.
- Do not apply the lash serum to other areas of the body.

29. How frequently should I apply Uth Lash Serum?

Twice daily – once in the morning and once in the evening. Applying the serum more than twice a day will not speed up results.

30. Can I use the Uth Lash Serum on my bottom lash line?

Uth Lash Serum is only recommended for use on the top lash line.

‡When used 2x daily.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

31. Can I use the Uth Lash Serum on my eyebrows?

Yes, you can. Uth Lash Serum works the same on eyebrows as on the top eyelashes.

32. What if I get the Uth Lash Serum in my eye by accident?

Rinse the effected eye in cold water until the serum is washed away.

33. If I experience irritation or redness after applying Uth Lash Serum, what should I do?

Some individuals may experience temporary redness or tingling which normally goes away after continued use. Individuals who may have sensitive skin or are sensitive to eye-makeup products may experience irritation. If irritation or redness continues or is intolerable, discontinue use immediately.

34. How long do the results last after discontinuing daily use of Uth Lash Serum?

The eyelashes and/or brows will gradually return to their original appearance. For the best, continuous results, use the lash serum daily, as instructed.

Uth BODY

Emprizone®

35. What makes Emprizone unique?

A water-based gel, enriched with aloe vera gel extract, vitamin E and A, hydrates and soothes skin while creating a protective barrier. This unique formula is ideal for after sun exposure, after waxing, sensitive skin and dry, irritated skin.

36. Can I use Emprizone gel on my face and body?

Emprizone can be used on any part of the skin that needs hydration or alleviation of roughness due to dry skin. For external use only. Do not put in eyes or on open wounds.

37. Why was aloe barbadensis leaf extract chosen for the Emprizone?

Aloe vera gel has been used for centuries to condition, protect and promote healing of irritated skin. It naturally provides a soothing, cool-like sensation as it's applied.

38. Are there any scientific study results for Emprizone?

Yes. Results show Emprizone soothes grazes/nicks and cuts after shaving, reduces shallow/coarse wrinkles, improves elasticity and firmness, reduces redness due to irritation and increases skin radiance.

FIRM with Ambrotose®

39. What makes FIRM with Ambrotose a special product?

Infused with a proprietary blend of botanical and herbal ingredients, this thick, rich cream provides soothing, hydration suitable for all skin types.

40. Where do I apply FIRM with Ambrotose?

This is a body cream that you can use all over your body including hands and neck area. For external use only. Do not put in eyes or on open wounds.

41. Is FIRM with Ambrotose body crème fragrance free?

There is no fragrance added to this product. There is a mild scent that comes from the combined, natural ingredients in the product.

42. Why was Camellia Oleifera leaf extract (Tea-Oil Camellia) chosen for the FIRM with Ambrotose?

This botanical, native to China, is used in skincare because of the smoothing, plumping and tightening effect.
