

Superfood Provides Healthy Nutrition

Made with naturally-sourced ingredients, Superfood offers delicious nutrition without the additives found in other drink powders. Safe and suitable for all diets, Superfood drink mix is:

- Gluten free
- Free from soy, dairy, MSG and preservatives
- No artificial colours, flavouring or sweeteners
- Non-irradiated
- No genetically modified DNA
- No high fructose corn syrup

Help Yourself and Help Others

Enjoy nutritional goodness from nature's greens and reds while helping to fight global malnutrition by nourishing children around the world through the **M5M® Foundation**. For every \$100 spent on Mannatech products, a one-month supply of PhytoBlend™ powder is donated to help nourish a child in need.

Pure Plant-Based Nutrition SUPERFOOD

GREENS AND REDS

It Tastes as Good as You'll Feel

Help Yourself to Nature's Greens and Reds

Do you get enough fruits and vegetables in your daily diet? With Superfood you can! Bursting with potent vitamins, minerals, chlorophyll and phytonutrients, Superfood Greens and Reds goes beyond other green powders and is designed to increase your daily servings.

A blend of 16 colorful fruits and vegetables, Superfood contains delicious reds from strawberry, raspberry, blueberry, tart cherry, elderberry and cranberry. And is fortified with leafy greens from spinach, broccoli, kale and alfalfa, with added nutrients from soursop, aloe vera, prune, carrot, and betaine from beet root. Superfood has it all!

SOURSOP

is an ancient, powerful superfruit that contains antioxidants and fibre.

Why Aren't We Getting the Nutrition We Need?

The truth is, only half of adults meet the dietary guidelines for fruit and just 1/3 meet the daily recommended intake for vegetables.[‡]

While food choices are more plentiful than ever, the foods we eat don't offer us the nutrients we need. The fact is, poor nutrition is a worldwide problem due to several factors:

- Modern agriculture methods render foods less rich in nutrients.
- Our busy lifestyles promote eating out and on-the-go.
- Refined and processed foods have become widely available.

That's why Mannatech developed a convenient, nutritional drink mix to add to your healthy lifestyle.

Why You'll Love Superfood

- Delicious strawberry-kiwi flavour you can add to juices, smoothies or water to help you feel energized!
- A daily regimen of vitamins and nutrients, fortified with powerful antioxidants and amino acids in every serving.
- Pure plant-based nutrition perfect for low-carb, keto and vegan diets.
- Contains 4g of fibre per serving.
- Contains Mannatech's proprietary Glyconutrient[†] blend.
- Packaged in an easy-to-store, recyclable bag.

[†]Glyconutrients are beneficial saccharides found in nature
