Your Health is Affected by the Vibrancy of Your Microbiome

Today's modern lifestyle can take a toll on the beneficial bacteria in your gut microbiome. This may lead to a weakened immune system, poor mood and contribute to normal digestive issues, including Leaky Gut, all of which can affect your overall health.

That's why Mannatech created the GI-Biome System—3 products formulated to pave the way for improved digestive health and support a healthier microbiome.*

HELP STRENGTHEN YOUR GUT BARRIER WITH GI-DEFENSE™*

Provide nourishment and help strengthen the gut lining to provide a stable, healthy intestinal environment, allowing healthy microbes to flourish and provide the digestive, immune and cognitive support your body needs.*

GI-Defense capsules are formulated to:

- Help strengthen and support gut barrier function and integrity.*
- Support healthy functioning of the digestive and immune systems.*
- Support healthy intestinal permeability and environment.*
- Help purify the gut and balance beneficial bacteria.*
- Support short chain fatty acid (SCFA) production, especially butyrate production.*
- Help comfort feelings of gas and bloating.*

**Butyrates Help Strengthen and
Nourish the Intestinal Lining**

Digestive Health Starts with the GI-Biome System™

BUILD BALANCE FOR YOUR GUT BACTERIA WITH GI-PROBALANCE®*

Help fuel your natural gut probiotics with 8 powerful strains of beneficial bacteria, selected to survive the stages of digestion and include Lactobacillus and Bifidobacterium strains, plus a prebiotic fiber to help nourish colonization and increase their effectiveness.*

GI-ProBalance slimsticks are formulated to:

- Support a natural balance of good bacteria to maintain healthy digestion.*
- Help support the body against occasional intestinal disturbances and typical, occasional digestive upsets.*
- Promote natural immune function.*
- Supplement natural probiotic levels that might fluctuate due to normal aging, diet or other normal digestive issues.*
- Contain acid-resistant probiotic strains.

8 Powerful Strains
Totaling 50 Billion
Colony Forming CFUs†

OPTIMIZE SUPPORT FOR YOUR DIGESTION WITH GI-ZYME®*

Help improve your digestion and absorption of nutrients from food, while reducing typical discomfort that may be caused by normal eating.* GI-Zyme is a powerful blend of digestive enzymes functioning at a wide range of pH activities and natural botanical ingredients, to target an array of foods.*

GI-Zyme capsules are formulated to:

- Help support gut-brain health by enhancing the gut microbiome.*
- Support maximum level of nutrient absorption.*
- Assist in breaking down proteins, fats, carbohydrates, fibers, and vegetables.*
- Provide enzymes functioning at a wide range of pH activities (pH 2.0-8.0).*
- Supplement natural digestive enzyme levels due to normal aging, diet or other digestive needs for support.*

Supports all Stages of Your Digestion

When all 3 products are taken together, the **GI-Biome System** paves the way for digestive health and microbiome support for many systems in your body, which can lead to greater overall wellness*
