

PHYT•ALOE® (SKU 15101) PRODUCT TRAINING SHEET

PRODUCT BASICS

PRODUCT DESCRIPTION: Eating the recommended 7–10 servings of fruits and vegetables each day is tough. But just one serving of Phyt•Aloe includes a formulated blend of 12 dehydrated raw fruits, vegetables and Ambrotose® Complex to help you get closer to your recommended amount every day. Phyt•Aloe capsules contain Manapol® powder, which enhances the absorption of vitamins C and E.*

BENEFITS:

- Phyt•Aloe is a blend of 12 fruit and vegetable powders.
- Each serving of Phyt•Aloe delivers a specially formulated blend of 12 dehydrated fruits and vegetables, including broccoli, Brussels sprout, cabbage, carrot, cauliflower, garlic, kale, onion, tomato, turnip, papaya and pineapple.

FEATURES:

- Naturally gluten-free
- Kosher
- Suitable for vegans
- Free from soy, dairy, artificial colors, preservatives
- Naturally sourced
- Contains naturally-sourced ingredients

SUPPORTING INFORMATION:

According to the CDC in a recent study, just 1 in 10 adults meet the federal fruit or vegetable recommendations. [1]

Colorful meals are not just eye catching. By consuming a variety of colors and types of produce, the diversity of nutrients provides our body's more of what it needs for total wellness.^[2]

WHAT MAKES THIS PRODUCT SPECIAL?

WHO IS IT FOR?

 Perfect for the consumer wishing to increase their vegetable nutrients they are not fitting into their diet

WHAT IT IS NOT:

This is not a complete multivitamin

TOP FAQ:

1. What are Glyconutrients?

Simply put, they are specialized ingredients derived from plants and Aloe that provide targeted nourishment for your cells. There are trillions of cells in your body that talk to each other, but environmental toxins, age and bad eating habits can make it harder for them to communicate. This can lead to suboptimal health, which is why Mannatech, the innovator and pioneer of Glyconutrients, continues to cultivate this incredible technology so your body can do amazing things.*

2. How do PhytoMatrix® caplets compare with Phyt•Aloe capsules?

Our PhytoMatrix caplets are a food-sourced multivitamin/mineral/phytonutrient product containing natural ingredients. They are designed to provide essential vitamins, minerals and standardized amounts of phytonutrients. Our Phyto-Aloe capsules are composed of high-quality fruit and vegetable powders, but they are not standardized. Our Phyto-Aloe bulk capsules are formulated to supplement fruit and vegetable intake, but do not provide the same vitamin, mineral and phytonutrient content as PhytoMatrix caplets.

Taking both PhytoMatrix caplets and Phyt•Aloe capsules together may increase the benefit to your health, but one product does not replace the other.*

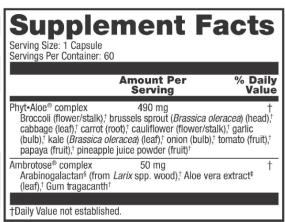

DIRECTIONS: Take one capsule twice daily with 8 oz of water or other liquid.
