

LUMINOVATION GLOW COLLAGEN GLAZE

What is the benefit to consuming Glow Collagen Glaze™?

As we age, our bodies drastically produce less collagen, leading to the visible signs of aging. That's where supplementing collagen comes in. You've probably heard of all the life-changing benefits, such as youthful appearing skin and contains components used for healthy joint, hair and nail support. No wonder there's a collagen craze!

Try Glow Collagen Glaze to get what your body needs from high-quality marine collagen peptides that work from the inside out to help support natural collagen production.* With so many benefits from collagen, you can look and feel years younger with just this one supplement! *

Benefits:

- Smoother, firmer -looking skin and supports skin elasticity*
- Hydrated, healthier-looking skin with a lit-from-within glow*
- Radiant, youthful appearance with less visible wrinkles and fine lines*
- 5 g of marine collagen peptides and hyaluronic acid in every sachet
- Crisp Apple Citrus Flavor for a delicious taste
- Easy to use: Drink daily to enjoy the benefits

Who is the Glow Collagen Glaze ideal for?

Those who desire to take their skincare routine one step further by supporting beauty from within through quality ingredients delivered in a tasty gel formula.

Do you recommend Glow Collagen Glaze for children?

Recommend for adults only.

How often should I use Glow Collagen Glaze?

For optimal results, consume one slimstick daily.

Why is it called a glaze?

Our Glow Collagen Glaze is a thicker liquid formula that is about the consistency of a thin honey. It even has the same color as honey - a warm amber tone.

What is the best way to consume Glow Collagen Glaze?

Glow Collagen Glaze is crafted to be pour directly into your mouth for convenience and on the go enjoyment.

Mix it up! Fun ways we have tested and enjoyed taking our daily Glow Collagen Glaze

- Mix one slimstick with a half a cup of water and mix well. Then add ice.
- Mix one slimstick with 8 oz of water and one scoop of Superfood Greens and Reds.
- Mix one slimstick in your morning shake for a refreshing kick.
- Mix one slimstick in a serving of plain Greek yogurt.

For distribution in the U.S. only.

Does Glow Collagen Glaze offer Glycan nutrition?

Yes, our premium marine collagen contains glycans.

Why did Mannatech choose marine collagen?

More people each day are developing allergies to dairy products. With premium marine collagen for skincare and over all beauty, it was the perfect core ingredient for our formula.*

I see that your Glow Collagen Glaze contains collagen, elastin, and hyaluronic acid. Why were they all included?

Together, these three pillars of skincare health provide the building blocks for youthful-looking skin.*

What is the benefit to adding ceramides from rice seed extract to the Glow Collagen Glaze?

Ceramide, which is an essential basic material, along with the other ingredients in the Beauty Blend can help maintain healthy looking skin. Best yet, we chose a plant-based version.

What is rose apple extract?

Rose apples, also known as plum apple, provides support for healthy skin cells and the maintenance of healthy beautiful skin.*

What makes Glow Collagen Glaze different than the others on the market?

Glow Collagen Glaze goes beyond singular ingredients. By combining collagen, elastin, and hyaluronic acid, it aims to provide holistic support for healthy aging skin, and to promote a youthful and radiant appearance.* Our formula was designed for maximum effectiveness and the Crisp Apple Citrus Flavor makes it a treat to look forward to!
