

Your Weapon to Build Muscle Mass While Assisting With Weight Loss

When losing weight you may be losing muscle mass.

Made from naturally sourced whey protein and advanced technology, OsoLean® powder is a complement to the foods you already enjoy while **assisting with weight loss**.† It also helps **build lean muscle**.†

Benefits:

- Proteins are constituents of living cells essential for growth and repair of tissues.
- Whey protein isolate is a source of amino acids which may assist with muscle protein synthesis.
- Assists in the building of lean muscle mass while assisting with weight loss when combined with regular weight/resistance training and an energy-reduced diet.
- Increases your protein intake to support a healthy, balanced lifestyle.
- 10 grams of protein per serving to help you feel full.
- Nutrients your body needs, including 112,5 milligrams of calcium from milk.

Because it's from Mannatech, OsoLean powder is quality ensured through current Good Manufacturing Practices (cGMPs). This means you'll always know that what's on the label is what's in the bottle.

FUN FACT

According to the *American Journal of Clinical Nutrition*, **high-quality proteins** are more satiating than either carbohydrates or fats, and they may have the ability to **improve the body's metabolism**!

† When combined with regular weight/resistance training and an energy-reduced diet.

Indications/Indikasies: OsoLean is a workout supplement that may assist in the building of lean muscle mass while assisting with weight loss when combined with regular weight/resistance training and an energy-reduced diet. OsoLean also increases protein intake to assist with feeling of fullness and to support a healthy, balanced lifestyle. Do not use OsoLean continuously for more than 2 months without consulting a registered health care provider./OsoLean is 'n aanvulling tot oefensessies wat help met die bou van maer spiermassa terwyl dit gewigsverlies bevorder wanneer dit gekombineer word met gereelde gewig/weerstandsoefening en 'n energie-beperkte dieet. OsoLean verhoog ook proteïeninnamte vir 'n gevoel van versadiging en om 'n gesonde, gebalanseerde lewenstyl te ondersteun. Moenie OsoLean langer as 2 maande aaneen gebruik sonder om 'n geregistreerde gesondheidsorgverskaffer te raadpleeg nie. OsoLean is nie bedoel om vetsug te behandel nie.

Dosage and directions for use/Dosis en gebruiksaanwysings:

For adults only. Mix 2 scoops (12,2 g) in 250 mL of liquid or add to food twice daily. For best results, take with 250 mL of liquid 20 minutes before breakfast and 20 minutes before dinner. Do not exceed the recommended daily dosage./Slegs vir volwassenes. Die gebruiklike dosis is 2 maatlepels (12,2 g) gemeng in 250 mL vloeistof of by kos gevoeg twee keer daaglik. Vir die beste resultate, neem met 250 mL vloeistof 20 minute voor ontbyt en 20 minute voor aandete. Moenie die aanbevole daaglikse dosis oorskry nie.
