

# Omega-3 with vitamin D<sub>3</sub>

## The best of the sun and the sea

### KEEP THIS PRODUCT COOL

During periods of hot weather and/or while shipping to areas experiencing hot weather, the Omega-3 capsules may soften and stick together. While product efficacy is unaffected, consuming capsules that stick together, or which have melted together, may be unpleasant. For this reason, we suggest storing our Omega-3 product in a cool place and ordering enough of our Omega-3 product during cooler months so as to avoid possible heat-related shipping problems during hot weather.

Mannatech takes eco-friendly, sustainably-sourced fish oil and puts it through a proprietary, two step molecular distillation process. Not only does this eliminate contaminants and ensure pharmaceutical-grade purity, but it also helps to remove any fishy after taste.

An ultra-pure, high potency, high concentrated dose of EPA/DHA, that rivals others on the market.

### Benefits:

- Maintain/support bone health in adults
- Maintain/support heart health in adults
- Maintain/support immune system health in adults
- Maintain/support cognitive function/mental function in adults
- Contains 830 IU of vitamin D3 per serving.

### Recommended Use:

Adults take 2 capsules once daily with 250ml water or other liquid. Use only as directed.

**INGREDIENTS:** Each capsule contains: Concentrated Omega-3 triglycerides (fish) 1044 mg, equivalent to EPA (Eicosapentaenoic acid), 315 mg and DHA (Docosahexaenoic acid), 210 mg, Colecalciferol 10.4 µg
