

PROPOSITION

What if you could change
YOUR world and **THE** world
at the exact same time?

Be part of a global movement

What if you could help address your health and financial wellbeing by taking nutritional supplements on a daily basis?

What if, at the same time you help nourish yourself and your family, you could also help nourish a child at risk of malnutrition somewhere in the world?

That's Social Entrepreneurship
That's Mannatech

- Over 20 years supplying unique and high quality nutritional supplements
- Operates in 25 countries
- Holds 144 global patents
- Public company (NASDAQ: MTEX)
- Pioneers of glyconutrition™
- Invested tens of millions of dollars in the research and development.
- Working from Mannatech's in-house laboratories, the company's scientists and product development specialists actively explore new technologies for sourcing and formulating real-food solutions for consumer health and nutrition.

Be part of something great!

Nourish Yourself • Nourish A Child

A non-profit organisation dedicated to help nourish children all over the world.

Our vision is to link five million consumers to five million children in need.

WHAT WE DO

The M5M Foundation serves to bring hope. Mannatech, Inc., a direct sales company, engaged in research, development and distribution of health and wellness products, had a passion to apply their food technology and glyconutrient supplements to help tackle a global issue.

Malnutrition impacts the lives of 55 million children at any given moment.

According to the World Health Organization, the World Bank and UNICEF, roughly **100 million children** under the age of five, are underweight and **over 150 million** children in developing countries are malnourished.

Under-nutrition can hinder brain development, reduce intellectual capacity and stunt growth.

M5M
MISSION 5 MILLIONSM

FEEDING VS. NOURISHING

Current food programs designed to help children are mainly cereal-based and lack many of the nutrients they need. In fact, fortified, blended flours no longer meet the minimum nutritional criteria for young children set by experts at the World Health Organization.

From 2009 Mannatech's programs have generated over 137 million servings of nutritional support for malnourished children.

CHANGE LIVES

Change your life and the life of others with better health and wellbeing.

Follow these **3 easy steps** to make a difference to children's nutrition.

1

Consume

Mannatech products for your personal optimal health and help nourish a child in need¹. With every product purchase a donation is made to M5M Foundation

2

Share

Mannatech products with others and earn extra income which will help nourish more children.

3

Build

your own Mannatech business. As you impact more children, help more people by sharing Mannatech products, you earn more rewards, creating a life of significance.

GIVE BACK

Contribute to the M5M global cause. With **EVERY** product purchase, a donation is made to M5M which supplies nutrient-rich PhytoBlend to children in need.

For Every Purchase of this wristband, Mannatech Australasia will give a direct donation to the M5M Foundation.

On sale now for \$10 AUD/NZ/SG

¹ Mission 5 MillionSM donations are generated through every order of Mannatech products.

NUTRITION FROM NATURAL FOOD SOURCES

The human body was designed to source nutrients from natural food. Nutrition works best when it comes from nature because it's more easily utilised by the body.

A CELLULAR LEVEL TO HEALTH

Better health starts with your cells. When cells talk to each other effectively, your entire body can benefit. In order to communicate, cells can benefit from complex Glyconutrients. Mannatech is the pioneer in Glyconutrient technology and has been a leader in research for over 20 years.

Mannatech's glyconutritional Ambrotose powders can help improve the immune system, digestive and cognitive functions along with memory and concentration. With all the benefits that Ambrotose provides, it's important to make it a part of your regular diet. The sooner you start the better you will feel.
